
Navione Exe

setup exe just got the GPS but didn't get the SDMMC card with the NaviOne.exe program to run it. Where is the question of GPS. And, by the way, the same garbage happened to me with the D-Link DSL-2500U. I installed this card and the NaviOne.exe program, but nothing happened. I demolished everything and reinstalled it, but this time it was not possible to launch the program, nor
