Although a probationer is not entitled to the full panoply of rights available to those charged with criminal acts, he is entitled to those rights which are fundamental to a fair proceeding. In addition to the issues presented in the United States Court of Appeals case of United States v. Ademaj, we have a probationer who has been found by the trial court to be in violation of the court's order of probation. If the trial court has found that an order of probation has been violated, it must consider what action should be taken in light of the violation. See the cases cited
